CPR lessons helped mom save son's life

By Lee Peterson

When the police called Robert Daniel at work on May 25, they told him that his 2½-year-old son had drowned.

After rushing to the hospital, he found out that the report of Barrett Daniel's death was mistaken.

But without the cardiopulmonary resuscitation Barrett's mother, Rebecca Daniel, learned from a Rancho Cucamonga firefighter, the Daniels would not have been so fortunate.

Doctors told the couple that their son's survival and quick recovery were due to the CPR that Mrs. Daniel was able to administer to the child immediately after she pulled him from the family pool.

One day last week, the Claremont family of four, which includes Barrett's younger brother Patrick, had lunch with the firefighter who taught Mrs. Daniel the life-saving technique.

Fire Engineer Sam Spagnolo of the Foothill Fire Protection District had taught the class

Mrs. Daniel enrolled in back in 1986.

Spagnolo had the chance to meet the child whose life the firefighter's instruction saved May 25.

"This feedback is really what makes the program worthwhile," Spagnolo said. "Because of the class, she was able to save her son."

Rebecca Daniel took the class when she was a day-care coordinator for the Upland School District.

She used the training for the very first time one morning in May. She had been taking a nap with Barrett when she woke up and found that he had wandered out of the locked house.

"The only thing that we could figure out was that he had squeezed through the cat door," Robert Daniel said.

Mrs. Daniel went immediately to the back yard, where patio construction left a path open for Barrett to get to the family pool.

When she found her son floating face-down, it was "the most horrifying moment" of her life.

Barrett Daniel, 2½, tries on junior fire marshal hat after being saved by CPR administered by his mom.

A physician at Huntington Memorial Hospital in Pasadena told her that those first

moments of CPR could have saved her son's life and spared him permanent damage.

Rebecca Daniel said she has definite plans to renew her certificate.

EPA construction ban won't be noticed here

By Richard Peraza

Valley officials echo their Los Angeles counterparts by saying an Environmental Protection Agency construction ban brought on by smoggy skies will hardly be noticed here, but they confess concern with long-term implications.

"The short-term impact is zilch; the long-term impact is worrisome," said Tom Eichorn, spokesman for the South Coast Air Quality Management District.

The federal EPA's sanction, in effect Sept. 1, bans construction of any plant which will add more than 100 tons of pollutants per year to the air. It applies to the entire air basin, encompassing urban areas of San Bernardino County and all of Los Angeles, Orange and Riverside counties.

The sanction was enforced because the basin, exceeding federal clean-air standards by 300 percent, can't hope to meet those requirements within five years as mandated by the Clean

Air Act of 1977.

But the sanction won't have an immediate effect on growth, according to Eichorn. "The immediate impact is no impact. We do not know of any such projects that would be impacted in the near term."

It would take "a refinery or large automobile assembly plant or aerospace plant" to produce that level of pollution, he said.

"A 100-ton-per-year construction ban will have negligible, if any, effect on

construction or the basin's economic activities," said San Bernardino County 2nd District Supervisor Jon Mikels. "Right now, anything that creates more than 40 tons per year is banned in our air basin. Our laws are much more stringent than the EPA."

"I think the kind of industry that refers to is unlikely to move out here," said Redlands Mayor Carole Beswick, who represents the county's cities on the AQMD board.

But if the sanction is in place for a number of years — and without a change in the Clean Air Act it could be in force through the year 2002 — it could eventually slow the valley's mushrooming growth, Eichorn said.

The ban, he said, could hinder construction of large-scale sewage treatment plants, without which growth would be hindered.

And officials fear sanctions
See EPA/Page 2

EPA/from Page 1

may be expanded to include cuts in federal funds for construction of highways and sewage treatment plants.

"I understand it could be broadened to include highway funds, and that could have a really negative effect on us," Beswick said.

"What it does is highlight the fact that the Clean Air Act needs revision and updating," she said.

The original deadline for meeting the act's air standards was Dec. 31, but Congress extended it to Aug. 31, an action that had local officials hoping for revisions allowing a new 20-year attainment plan to meet requirements and avoid sanctions.

"It doesn't look like it's going to happen real fast," said Beswick.

When the EPA first announced in early August that it would enforce the sanctions, locals feared their 20-year plan would be gutted, but now they're proceeding with it as the only thing to do while "caught between a rock and a hard place," Beswick said.

Eichorn said the plan — jointly forged by the AQMD and the Southern California Association of Governments — is scheduled for a Sept. 9 release, followed by public hearings and adoption in December.

But Mikels, who serves on a SCAG committee handling the plan, said last-minute refinements could easily delay it until November or December.

SCAG officials are wary of a federal suggestion that new plans obtain a 5 percent reduction in smog each year.

That would eliminate most of the smog in the first five to 10 years, contrasting with the local three-tiered plan which would start slowly and pick up speed after the first decade, he said.

Alternatives being considered include "setting a date (1993) beyond which no new gasoline- or diesel-powered engines could be registered" in the basin, he said.

EAR-909 pertaining to the construction of an 8,148-sq. ft., single-story, office addition on about 2.4 acres located on the north side of Foothill Blvd. at Third Place, in a CH (Commercial Highway) Zone. A Negative Declaration (1) is recommended to be issued for this project, subject to implementation of certain conditions as required by the Environmental Review Board.

Notice and conduct of public hearings will be in accordance with all pertinent provisions of Article IX (Planning and Zoning) of the Upland Municipal Code and Section 65100 et. seq., Chapter 3 (Local Planning) of the Government Code of the State of California.

All maps, environmental information, and other data pertinent to these proposed projects are filed in the City Planning Department and will be available for inspection prior to the public hearing. All interested persons are invited to attend this public hearing and express their opinions for or against any of the projects proposed.

JEFFREY A. BLOOM, Secretary

UPLAND PLANNING COMMISSION

(1) The issuance of a NEGATIVE DECLARATION means that the City, after the conduct of an initial study and in compliance with provisions of the California Environmental Quality Act (CEQA), has found that the proposed project would not have a significant adverse effect on the environment.

(2) The determination of a CATEGORICAL EXEMPTION means that the project has been found to be exempt from the requirements of preparing a Negative Declaration or an EIR even though the proposed project is discretionary in nature, as more particularly described in the California Environmental Quality Act (CEQA).

(3) The determination of a MINISTERIAL EXEMPTION means the project is defined as a ministerial project under the terms of the California Environmental Quality Act (CEQA), and is exempt from environmental proceedings.

NOTICE OF DEATH AND OF PETITION TO ADMINISTER ESTATE OF RICHARD W. HITCHCOCK

CASE NO. RPR 05730
To all heirs, beneficiaries, creditors, contingent creditors, and persons who may be otherwise interested in the will or estate, of both of: RICHARD W. HITCHCOCK.
A PETITION has been filed by SHARON HITCHCOCK in the Superior Court of California, County of San Bernardino requesting that SHARON HITCHCOCK be appointed as personal representative to administer the estate of the decedent.

THE PETITION requests authority to administer the estate under the Independent Administration of Estates Act. (This authority allows the personal representative to take many actions without obtaining court approval. Before taking certain actions, however, the personal representative is required to give notice to interested persons unless they have waived notice or consented to the proposed action). The independent administration authority will be granted unless an interested person files an objection to this petition and shows good cause why the court should not grant the authority.

A HEARING on the petition will be held on September 12, 1988 at 8:30 A.M. in Dept. 6-R-C, located at: 8303 Haven Avenue, Rancho Cucamonga, California 91730.

IF YOU OBJECT to the granting of the petition, you should either appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

IF YOU ARE A CREDITOR or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within four months from the date of first issuance of letters as provided in section 9100 of the California Probate Code. The time for filing claims will not expire prior to four months from the date of the hearing noticed above.

YOU MAY EXAMINE the file kept by the court. If you are a person interested in the estate, you may file with the court a formal Request for Special Notice of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in section 1250 of the California Probate Code. A Request for Special Notice form is available from the court clerk.

Public Notice

COCK in the Superior Court of California, County of San Bernardino requesting that SHARON HITCHCOCK be appointed as personal representative to administer the estate of the decedent.

THE PETITION requests authority to administer the estate under the Independent Administration of Estates Act. (This authority allows the personal representative to take many actions without obtaining court approval. Before taking certain actions, however, the personal representative is required to give notice to interested persons unless they have waived notice or consented to the proposed action). The independent administration authority will be granted unless an interested person files an objection to this petition and shows good cause why the court should not grant the authority.

A HEARING on the petition will be held on September 12, 1988 at 8:30 A.M. in Dept. 6-R-C, located at: 8303 Haven Avenue, Rancho Cucamonga, California 91730.

IF YOU OBJECT to the granting of the petition, you should either appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

IF YOU ARE A CREDITOR or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within four months from the date of first issuance of letters as provided in section 9100 of the California Probate Code. The time for filing claims will not expire prior to four months from the date of the hearing noticed above.

YOU MAY EXAMINE the file kept by the court. If you are a person interested in the estate, you may file with the court a formal Request for Special Notice of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in section 1250 of the California Probate Code. A Request for Special Notice form is available from the court clerk.

Attorney for petitioner: M. DOUGLAS MOORE, 7365 Carnelian Street, Rancho Cucamonga, CA 91730.

CASH IN
Think of all those things lying around your home gathering dust and getting in the way. They could earn you some useful cash. That bicycle you never ride. Your old lawn mower. The guitar that never gets played. The old refrigerator and the spare TV no one ever watches. Somebody wants them - and is willing to pay you for them. So clear out those things you don't need around the house and turn them into useful cash - all it takes is a phone call!
